Transmission and Transfer Case Gears

Note the orientation of the gears

This diagram illustrates the assembly of transmission and transfer case gears. It shows a series of shafts with various gears mounted on them. The gears are labeled with part numbers: 8292, 8293, 8293X, 8289, 8294, 8285, 8286, 5116A, and 5x11x4 BB. The diagram highlights the orientation of the gears, which is crucial for proper meshing and operation. The gears are shown in an exploded view, allowing for a clear understanding of their relative positions and how they fit together.
